

OJCS 037-76
14 JAN 1976

MEMORANDUM FOR: Executive Officer, DD/A

SUBJECT : OJCS Workload

The following facts and figures are offered in response to your request for meaningful statistics to show the OJCS workload:

- a. OJCS operates two computer centers containing 9 major computers which provide Batch, Interactive, and Online Data Base Management services. Their workloads are as follows:
 - (1) 1580 Batch jobs per day ranging from seconds to hours in processing time;
 - (2) 1450 Interactive (Time Sharing) terminals sessions per day by 1800 personnel with authorized terminal access.
- b. OJCS also satisfies requests for programming services primarily from DDA (55%), DDS&T (21%) and DDI (21%), as follows:
 - (1) 830 requests received per year taking from less than 30 days and \$5,000 to more than 90 days and \$25,000 to complete.
- c. OJCS provides support to production applications by:
 - (1) maintaining 19 online data bases containing 750 million characters for terminal access by 580 authorized personnel;
 - (2) each month running 1200 programs in 130 applications which produce 1500 reports distributed to 29 Offices throughout the Agency.

d. OJCS provides EDP training for all Agency personnel as follows:

- (1) In FY-75, 1493 students completed 19,402 student-days of classroom instruction in 70 separate course offerings.
- (2) In FY-75, 264 students completed 45 video taped self study courses.

STATINTL

HARRY E. FITZWATER
Director of Joint Computer Support
